Mr. John Sherrill
Bureau of Land
Illinois Environmental Protection Agency
1021 North Grand Avenue East
Springfield, Illinois 62702

Dear Mr. ~~Sherrill~~: *Del*

This letter requests that the Illinois Environmental Protection Agency identify all Applicable, Relevant, and Appropriate Requirements (ARARs) for the upcoming removal action at the Midwest Body Corporation site located in Paris, Edgar County, Illinois. Any State ARARs identified in a timely manner for this removal action will be complied to the extend practicable.

The United States Environmental Protection Agency has proposed to fund a time-critical removal action to address the potential for contamination due to buried paint waste and buried drums and containers. Work is scheduled to begin this Spring/Summer 1998.

Federal ARARs for this site primarily include the Resource Conservation and Recovery Act (RCRA). As the wastes being dealt with are likely to be RCRA hazardous wastes, they will be handled accordingly. Wastes will transported to and disposed at an acceptable RCRA/CERCLA treatment, storage, and disposal facility pursuant to the U.S. EPA Off-Site Rule.

If you have any questions regarding this letter, or require more detailed information concerning the Midwest Body Corporation site, please do not hesitate to contact me at (312) 886-4444.

Sincerely,

Kevin Turner
